President's Comments

The tornado on April 27, 2011 has changed the way of life for many of our members. Most of you have seen the devastation that this F-3 tornado has caused, primarily in the Moccasin Creek and Timpson Cove areas. I am sorry to have to report that we lost a longtime and valued member of the LBCA: Earl Patton. We send our condolences to the Patton family.

All of us need to thank everyone who either volunteered or donated to the recovery

effort. Your association will continue to monitor this tragedy and help in any way that is appropriate. One of our first efforts will be to work with the county to replace the destroyed Wildcat fire station. If you haven't already done so, I encourage you to view Scott Poss' aerial photos of the tornado damage at <http://vt.realbiz360.com/MLS-691267.html>.

E-mail

We are using more e-mails to keep our members abreast of what is happening on the lake. Following the tornado, the LBCA Board of Directors voted to establish a Communications Committee to improve the timeliness of our information flow. Please be sure we have your e-mail address. If you are not currently receiving our e-mails, please send your e-mail address to lbca@lbca.net. Check our web site (www.lbca.net) often for other news.

Slate of Candidates / Bylaws

On the reverse side you will find the slate of candidates who have been recommended to serve as officers and directors of the association by the LBCA Nominating Committee. If any changes to the association bylaws are recommended by the Bylaws Committee, members will be informed of those proposed changes prior to the annual meeting.
